

“An early literacy initiative educating the heart-mind.”

Cards for Care

5 cards for \$10
or by donation

The mission of the Reading Bear Society is to promote inner-city school early childhood readiness and success through a reading program.

The spirit of the holiday season is truly about living as one community where all children count. From the east side to the west side, we are united by our hearts and our dreams for a brighter future for all of the children of Vancouver.

Funds raised go to the purchase of books in inner-city schools.
